What is Nextcloud

**A content collaboration platform under
your control!**

Why

- Most of our **work happens on the computer**
- More and more people work **remote** or with external partners/customers
- While working remotely there is a huge need for **collaboration** and **communication** tools

Questions you should think about

- **Where** is your data stored?
- **Who** has access to it?
- **What** happens with your data?
- **Which** jurisdiction will be in charge, in case of an incident?

Questions you should think about

- **Where** is your data stored?
 - **Who** has access to it?
 - **What** happens with your data?
 - **Which** jurisdiction will be in charge, in case of an incident
- **Nextcloud** gives you **peace of mind** for all these questions!

Nextcloud Talk

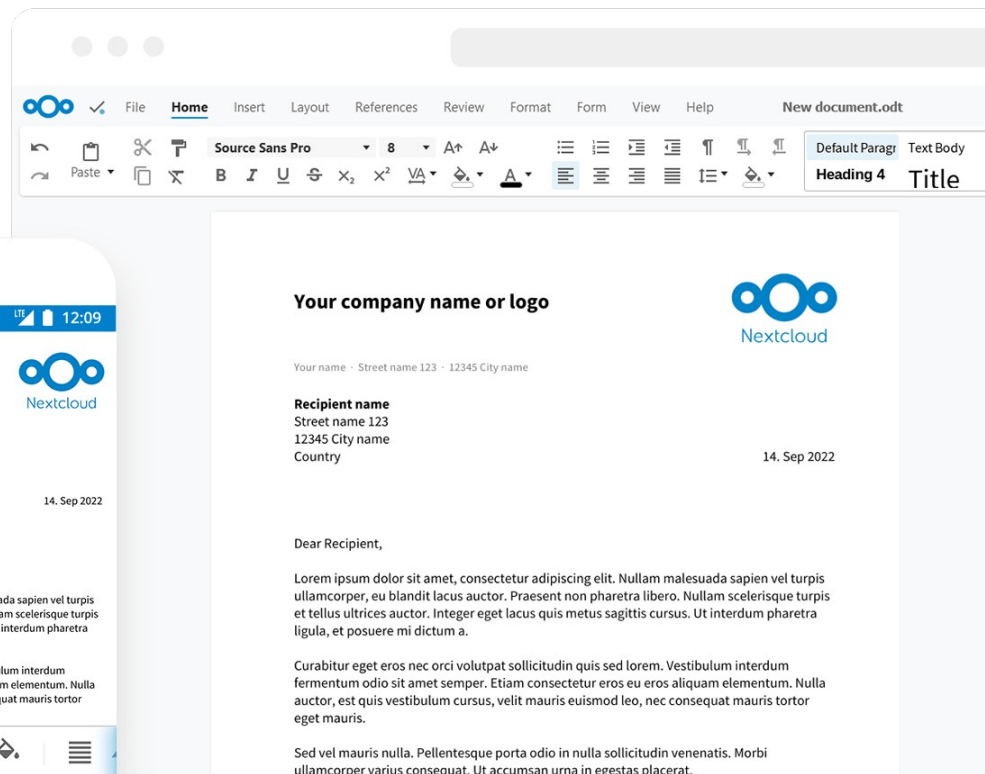

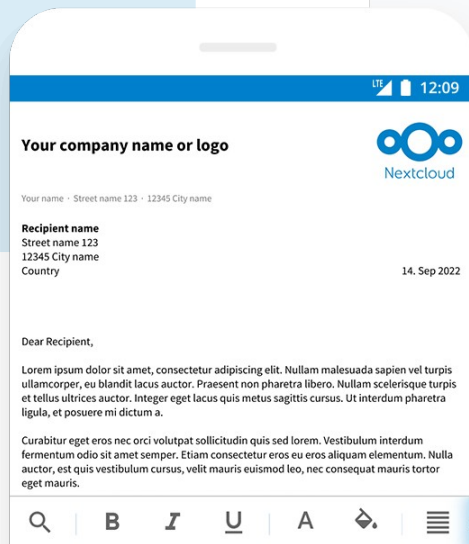

- Real-time communication with chat and video
- Web, desktop and mobile clients
- Integration with Files and Groupware
- Outlook integration
- Private, group, public calls
- Screensharing, waiting lobby
- Breakout rooms

The screenshot displays the Nextcloud Talk web interface. On the left is a sidebar with a search bar and a list of conversations, including 'Christine Schott', 'Discuss project Butter...', 'Awesome Webinar', 'meeting notes.md', 'Sandra McKinney', 'Design Team', 'New Office', 'Place for ideas', 'Talk updates', 'Product webinar', 'Team Conversation', and 'Company'. The main chat area shows a conversation with Christine Schott. It includes a video call thumbnail, a text message 'Hi Christine, how is the project going?', a timestamp '8:48 PM', and a response 'Hi Leon!'. A date separator 'Today, September 21, 2022' is visible. Below that is a message from Christine Schott about a new customer, accompanied by a task card titled 'Onboard new customer' with a due date of 'In 5 days' and an 'Action needed' status. A response from Leon Green follows. The right sidebar shows the user profile for Christine Schott, including a 'Media' section with a video thumbnail, 'Voice messages', a 'Talk recording' link, 'Locations' with a map of Berlin, and 'Related resources' such as 'Design Team', 'Business Process Analysis.docx', 'Product Launch', and 'Strategy development'.

Artificial Intelligence

- Transparency (traffic light system)
- Owned and controlled by you
- Face & object recognition
- Smart inbox
- Talk transcript and summary
- Mail thread summary
- Text/headline generator

The screenshot displays the Nextcloud email interface with AI-generated features. On the left, a sidebar shows the 'Priority inbox' and 'All inboxes' sections. The main view shows an email thread with a 'Thread Summary' box and a 'Nextcloud Assistant' button. The thread summary provides a concise overview of the email content, and the assistant button allows users to navigate to the latest message. The email content includes a subject line 'Addressing Quality Challenges in Our Projects - Immediate Action Required' and a body of text discussing quality standards and project challenges.

Dear Christine and Project Office Team Subrana,

We are reaching out to you today to discuss an important challenge that has emerged in some of our recent projects.

Over the last quarter, we have observed an uncharacteristic trend in the quality standards across various stages of our ongoing projects. Several customers have raised concerns about discrepancies in the final product, and our internal quality control team has identified inconsistencies that we cannot ignore.

The specific challenges include:

- Inaccurate Documentation:** There has been a marked increase in errors within our technical documentation
- Software Performance Issues:** Some end-users have reported occasional glitches and performance problems in the deployed solutions
